The Installation – macOS

After selecting 'run' on your macOS system, all you will have to do to install Safe Exam Browser is drag the 'Safe Exam Browser' icon into the 'Applications' folder in the pop up box that will appear (shows below).

Safe Exam Browser will now be installed to your machine. You can open this by going to your 'Applications' folder and double clicking on the Safe Exam Browser icon.

You may receive the below message when opening Safe Exam Browser, simply click on 'Open' to proceed.

Upon installing Safe Exam Browser..

Once Safe Exam Browser has been installed on your machine you will need to download the 'VTCT Exam Launcher' to sit an exam. If you are viewing this user guide in electronic form, this file can be downloaded from the link <u>here</u>. Alternatively, you can visit <u>www.skillsfirst.co.uk</u>, click on Qualifications > Reformed Functional Skills > The Exam Platform and download the exam launcher from here.

When you have completed your download you will be able to save the exam launcher to your desktop, this will look similar to the icon below.

Upon double clicking the icon shown above, Safe Exam Browser will launch and take you directly to the area where your learner will need to log in and sit their exam.
